

# Save Our Supplements!

## Proposed Government Takeover of Dietary Supplements!

HEALTH FOOD STORES NATIONWIDE ARE IN SERIOUS JEOPARDY. IF SENATE BILL S.3002 PASSES, GOVERNMENT BUREAUCRATS WILL DECIDE WHICH PRODUCTS YOUR STORE CAN SELL, CUTTING SELECTION AND RAISING PRICES!

## This Bill Would *Repeal* Key Sections of the Dietary Supplement Health and Education Act (DSHEA)

A Bill has been introduced that will limit which supplements you can buy, while substantially restricting the number of acceptable ingredients. The misleadingly-named Dietary Supplement Safety Act (DSSA) was introduced with the good intention of stamping out illegal/mislabeled sports supplements, but governing agencies already have ample authority to enforce laws and ensure product purity and safety. Should this Bill pass, the federal government will *take over* the dietary supplement industry to *harmonize* the U.S. with highly restrictive CODEX rules, Canadian and European regulations, getting new veto power over both existing ingredients and every new product! Let the FDA and DEA enforce the strong federal regulations that are already in place.

## TAKE ACTION, RIGHT NOW!

Stand up, defend and demand your rights to purchase and use safe dietary supplements!

**Tell your Senators NOT to support this desperately misguided Bill!**

**Tell your Congressman NOT to support a House-version of this Bill!**
